

Amul Sharma

Front-End Developer

www.AmulSharma.com | +91 75 820 46 006 | sharmaamul89@gmail.com | Indore, India

Dedicated frontend developer with a strong foundation in HTML, CSS, JavaScript, and React. Proven ability to build responsive, user-friendly web applications. Experienced in leveraging APIs, state management, and component-based architecture.

Projects

E-commerce Clones, Calculator & Rock-paper-scissors game

HTML, CSS & Javascript

I started my frontend development by replicating the Myntra website watching YouTube tutorial. This helped me solidify my understanding of HTML and CSS. Building on this foundation, I took on a more challenging project by creating an Amazon clone entirely on my own. To get more understanding of javascript syntax & principles I made a fully functional calculator & a rock paper scissors game that uses javascript to get a random computer choice when the user clicks on his choice button.

Movie, News, Weather ,Todo ,NASA ,Workout Apps

HTML, CSS, Javascript, Bootstrap, React, Router, WebAPI

I began learning React and its core concepts, including routing and the Context API. Additionally, I gained experience in fetching data from APIs and rendering it within components. To deepen my understanding, I developed several projects, including a Movie Search App, News Reader App, Weather Information App, Todo App, NASA's Picture of the Day App, and a Workout Plan App.

Experience

Front-End Developer

Quintus Tech Pvt Ltd (VOSO Store)

Internship | 2 months

During my ongoing internship, I am actively contributing to the front-end development of multiple projects built using React.js, Next.js, and Angular.js. My role involves implementing user interfaces, optimizing performance, and ensuring seamless user experiences by leveraging modern front-end frameworks and best practices. Through this experience, I am gaining hands-on exposure to component-based architecture, state management, and responsive design while collaborating with a team to deliver efficient and scalable web applications.

Education

ISBA Institute of professional studies

Bachelor of commerce
